IT WAS SCIENCE!

Words and Music by
Dan Lee-Archer & David Wakerley

VERSE:

**I was but a school boy with time on my
side
A+ every assignment and task
Unfettered by malice, by greed or despair
It was all soon to change with one class**

CHORUS 1:

**It was science oh how I loved it
Hypothetical, experimental, theoretical
Beautiful science with Mr. Bunsen
Every Thursday my favourite teacher
taught me how to think**

VERSE:

**This was the last day I was to be at primary
school**

**And Nathan and I were asked to see Mr.
Bunsen in the science lab**

**Mr. Bunsen needed to speak to Nathan
So I took the liberty of one last farewell of
the science lab**

**So many memories of dissected mice
And the familiar smell of burnt eyebrows
Out of the corner of my eye I spotted an
unfamiliar cage
I approached it warily**

**There was a small animal inside
Hamster 405 said the small plaque on the
cage
An experiment in rodent intelligence
It warned me of it's cunning genius
But I laughed it off
Ha, ha, ha, ha, ha, ha, ha**

**How smart could a hamster be?
The cage rattled
What's that little fella?
You want to get out?
Sorry buddy, no can do, you see the...
Ooo... is that Chocolate?
Don't mind if I do**

**It only took a moment
I opened the cage and he was gone
And he'd taken the chocolate with him
What had I done!
I had lost Mr. Bunsen's experiment
And unleashed a genius hamster created
by...**

CHORUS 2:

**Science oh how I loved it
Hypothetical, experimental, theoretical
Beautiful Science it had created
A hamster with such intellect it could take
over the world!**

Oh Mr. Bunsen I'm so sorry!
